Set your child on the path to success!

Our Term 4 courses are specifically designed for Year 4 students who are aiming for **selective school placement or independent school scholarships**.

We know that early, focused preparation makes all the difference, and our courses are designed to give students a meaningful head start, laying the strong foundations they need to meet the demands of these challenging exams.

Through a rigorous yet engaging curriculum, our courses systematically sharpen students' abilities across all the critical areas assessed in selective and scholarship exams. Each lesson is thoughtfully structured to introduce and reinforce essential concepts, ensuring that students develop a deep and confident understanding that grows progressively throughout the term.

Every child has the potential to achieve extraordinary things, and our role is to equip them with the skills, strategies, and self-belief to make that potential a reality. Whether your child is just beginning to explore the idea of selective school or is already set on earning a scholarship, our Term 4 courses will provide the structured support and expert guidance they need to truly excel.

Enrol your child today and give them the competitive edge that will carry them confidently into their future.

Year 4 WEMT Course

The Year 4 WEMT (Writing, English, Maths, and Thinking Skills) course is back with an updated curriculum, designed to build the essential skills students need to succeed in selective high school and independent school scholarship exams. Through structured, progressive lessons, students will develop genuine competency across all key areas, setting them up for long-term academic success. By actively engaging with the WEMT course, students will gain:

-  **Strong Exam Foundation:** Build confidence and competency across the core exam areas of reading comprehension, written expression, mathematical reasoning, and critical thinking.
-  **Effective Writing Strategies:** Learn how to plan, structure, and organise persuasive and creative writing with clarity, purpose, and impact.
-  **Reading Comprehension Mastery:** Develop proven techniques to interpret challenging texts, identify key ideas, and answer multiple-choice questions accurately and confidently.
-  **Maths Made Easy:** Gain a thorough understanding of essential mathematical concepts, key formulas, and effective problem-solving techniques through clear and engaging instruction.
-  **Thinking Skills & Problem-Solving:** Sharpen critical thinking and analytical reasoning through stimulating exercises that challenge students to think independently and creatively.

Thinking Skills for Selective (Wednesday)

The Thinking Skills for Selective course is specially designed to develop the critical thinking and problem-solving abilities that are essential for success in the selective school placement test and beyond.

We understand that the thinking skills component is one of the most demanding aspects of the selective school exam, requiring students to think quickly, logically, and independently under timed conditions. This course directly addresses that challenge by providing structured, targeted preparation that builds both skill and confidence from the ground up.

With a comprehensive focus on the thinking skills component of the exam, this course covers a diverse range of topics and equips students with the tools, techniques, and strategies needed to approach even the most challenging questions with clarity, creativity, and composure.

Through a carefully curated mix of engaging activities, thought-provoking exercises, and real exam-style practice, students will sharpen their ability to analyse information, identify patterns, evaluate arguments, and draw well-reasoned conclusions — all critical skills for excelling in the selective school placement test.

Course Overview:

- Through engaging activities and exercises, our dedicated tutors guide students to become confident and proficient critical thinkers, capable of tackling complex problems across a variety of subject areas.
- Students will develop strong analytical and reasoning skills, learning how to evaluate information, identify patterns, and draw well-reasoned conclusions — all essential abilities for the selective school exam.
- Effective problem-solving strategies are at the heart of this course. Students will learn structured approaches to breaking down complex questions and arriving at accurate solutions efficiently.
- As students progressively build their thinking skills throughout the course, they will gain a deeper sense of academic confidence and a greater ability to perform under exam conditions.
- This course is open to Year 4 students aiming for selective school placement and covers all the essential topics needed to excel in the thinking skills component of the test.

Year 4 Writing Course (Wednesday)

Looking to strengthen your writing skills and build confidence across a wide range of genres? Our writing course is designed to help students develop both imaginative and technical writing abilities through personalised guidance and engaging weekly lessons. With a supportive learning environment and a structured approach, students gradually build the skills they need to write with clarity, creativity, and purpose. The key benefits of the course are:

- **Tailored Instruction:** Our experienced teacher works closely with each student, addressing individual strengths and areas for improvement to ensure steady, meaningful progress.
- **Comprehensive Curriculum:** Students explore narrative writing, grammar, spelling, punctuation, and essential writing techniques that form a strong foundation for future academic success.
- **Exam Preparation:** The course equips students with the skills needed to excel in NAPLAN, selective school, and independent school scholarship tests.

Term 4 Narrative Writing Topics:

- ✓ Dialogue: Craft realistic and engaging conversations between characters.
- ✓ Cause and Effect: Understand how events connect and influence one another within a story.
- ✓ Scene & Character Description: Use vivid imagery to create memorable characters and immersive scenes.
- ✓ Setting for Narratives: Build rich, detailed worlds that enhance your storytelling.
- ✓ Describing Events: Write clearly about events from different perspectives and character viewpoints.
- ✓ Organization and Structure: Learn how to plan and construct well-organised, compelling narratives.
- ✓ Poetry: Experiment with poetic forms and expressive language.
- ✓ Persuasive Texts: Develop strong arguments using facts, opinions, and persuasive techniques.
- ✓ Advertisement: Create advertisements that promote products or ideas with creativity and impact.
