Year 5 WEMT Course

The Year 5 WEMT course delivers a carefully structured program designed to meet the demands of today's competitive academic landscape. Students engage in consistent weekly reading, practice exercises, and targeted skill-building activities that steadily deepen their understanding across all core areas. This approach builds genuine, long-term competency, and lays a strong foundation for success in selective school and independent school scholarship exams. By actively engaging with the WEMT course, students will gain:

- **Exam Readiness:** Strengthen essential skills in writing, reading, mathematical reasoning, and critical thinking to perform confidently in the selective school and independent school scholarship exams.
- **Effective Writing Techniques:** Learn to craft persuasive, creative, and analytical responses with clear structure and purpose.
- **Reading Comprehension Mastery:** Build confidence in key concepts, formulas, and problem-solving methods through progressive, well-scaffolded practice.
- **Maths Made Clear:** Develop a confident understanding of key concepts, formulas, and problem-solving techniques through clear and progressive practice.
- **Critical Thinking & Problem-Solving:** Enhance analytical reasoning and lateral thinking through engaging tasks that promote independent, logical thought.

Selective Trial Test Course (STTC)

The Selective Trial Test Course is a comprehensive preparation program designed for students aiming for the Selective School Placement Test. The exam is demanding, requiring not only strong content knowledge but also speed, strategic thinking, and the ability to stay calm under pressure. That's exactly why the STTC exists.

Each week, students sit a full trial test, review their performance, identify areas needing improvement, and complete targeted online follow-up activities that turn mistakes into meaningful progress.

Through consistent weekly practice, they encounter a wide range of question types across all subjects while building the strategies and confidence essential for exam success.

Key Benefits of STTC:

- ❖ **Practice Makes Perfect:** Regular, structured trial tests help students become deeply familiar with the exam format. By repeatedly working under timed conditions, they reduce anxiety and strengthen their ability to perform accurately and consistently when it matters most.
- ❖ **Detailed Feedback:** Students receive personalised, data-rich results through Cyberschool, allowing them to recognise strengths, pinpoint weaknesses, and monitor improvement over time. This ensures preparation is focused, efficient, and effective.
- ❖ **Writing Mastery:** Writing is a crucial component of the selective and independent school scholarship exams. Students benefit from expert, personalised feedback on their written responses, helping them refine structure, language, clarity, and ideas to produce high-scoring pieces.
- ❖ **Boost Your Performance with Cyberschool:** Cyberschool offers exclusive activities and resources designed to complement the STTC. From extra practice materials to targeted exercises, students gain the additional support needed to enter the exam fully prepared and confident.

Class Timetable

Each weekly test cycle opens on Saturday and repeats on Sunday, Tuesday, Wednesday, and Thursday. Students attend one 3-hour and 10-minute session per week (full timetable details available below).

Year 5 Term 4 Selective Trial Test Course (STTC) – Class Timetable

STTC Session	Class Time
Saturday MC	9:30am – 12:40pm
Saturday AC	1:30pm - 4:40pm
Sunday MC	9:30am – 12:40pm
Sunday AC ^{*new}	1:00pm - 4:10pm
Tuesday	4:20pm – 7:30pm
Wednesday ^{*new}	4:20pm – 7:30pm
Thursday ^{*new}	4:20pm – 7:30pm

STTC Test Format

To closely replicate the official Selective School exam experience, all STTC sessions are delivered in a **computer-based testing format**.

- **Devices Provided:** Each student completes their trial test on an individual device supplied by the college - no personal devices are required. This ensures all students use identical, fully configured equipment and can focus entirely on the test rather than technical issues.
- **Device Care Policy:** Students must handle their testing device responsibly throughout the session. Please remind your child of this expectation. Parents and guardians are liable for repair or replacement costs if a device is damaged due to careless handling or negligence.

STTC Make-Up Test Policy

If your child is unable to attend their scheduled class, they may complete a make-up test at our head office within one week of the missed session. Make-up tests are self-paced and allow students to stay on track with weekly content. Please note that teacher-led reviews are not offered during make-up sessions.

STTC Fee Structure & Discount Offer

- Standard Course Fee: \$80 per session (per week).
- Payment Terms: Full tuition is payable before the term begins. Students enrolling mid-term will be charged a pro-rata fee for the remaining sessions.
- Special Bundle Discount: Enrol in both the full-term STTC and WEMT courses together at the same branch to receive a discounted STTC rate of \$72 per session. (Note: WEMT course fees are charged separately).

- **The Annual and OC Scholarship Discount** is available until **Monday, 28 September 2026, 5PM**.
- The Sibling Discount does NOT apply to the Selective Trial Test Course.
- **19 or 20-Dec*** - For students attending the STTC weekday classes, the makeup class for the last session (Reading & Writing Test 22) will be held on Saturday 19 December or Sunday 20 December 2026.

Important Reminder before enrolling in the STTC:

- ✓ Test questions are only accessible during scheduled class sessions with no take-home question papers.
- ✓ The Cyberschool service is offered as a complimentary benefit and is not included in the tuition fee. Access is available for a limited time and will expire once the designated period ends.
- ✓ If a testing device is damaged due to misuse or careless handling by the student, parents will be responsible for the repair costs.

Year 5 Writing for Selective (CBT)

Are you ready for the challenge of the Selective School Writing Test?

Success in the selective writing test requires more than neat sentences - it demands critical thinking, logical argumentation, and the ability to shift writing styles instantly under exam pressure.

Year 5 Writing for Selective (CBT) course is designed to transform capable writers into exam-ready performers. Students develop high-impact writing skills through the formats most frequently tested in the Selective school exam, including news reports, diary entries, reviews, advertisements, and advice pieces.

Great News! A new Saturday Writing for Selective afternoon session will be available from Term 4.

Term 4 Roadmap

Each week focuses on a high-frequency writing form to build adaptability and confidence:

Week 1: Story	Week 4: Explanation	Week 7: Advertisement	Week 10: Speech
Week 2: Diary Entry	Week 5: Advice Sheet	Week 8: Persuasive text	
Week 3: News Report	Week 6: Review	Week 9: Formal Letter	

Our Secret Weapon: The "One Topic" Method

Instead of jumping between unrelated subjects, we anchor all writing tasks to one central topic. This targeted approach gives students a powerful advantage:

- **Form Shapes Thinking:** Students discover how each format demands a different mindset—stories evoke emotion, while news reports require strict objectivity.
- **Cognitive Efficiency:** With the topic fixed, students channel their energy into mastering structure, tone, and purpose rather than inventing new ideas each week.
- **Fact vs Feeling:** We teach students to separate emotion, opinion, and evidence so they never slip personal bias into objective tasks.
- **Exam Agility:** Students practise switching writing styles on demand - an essential skill for the unpredictable prompts.
- **Why it works:** Examiners reward precise adherence to form. By training with one topic across multiple genres, correct structure becomes automatic.

Thinking Skills for Selective (Thursday)

The Thinking Skills for Selective course is designed to strengthen students' problem-solving and critical-thinking abilities — key skills needed for academic success and for the selective school placement test. With a strong focus on the thinking skills component of the exam, the course explores a wide range of essential topics that build confidence and capability.

Course Overview:

- ☑ **Confidence & Creativity:** Students learn practical tools and techniques that help them approach challenging questions with clarity, confidence, and flexible thinking.
- ☑ **Engaging Learning:** Through interactive activities and thought-provoking exercises, our experienced teacher guides students in developing strong critical-thinking habits.
- ☑ **Effective Problem-Solving:** Students practise strategies for tackling complex problems across multiple subjects, improving both accuracy and efficiency.
- ☑ **Analytical Thinking:** Students are encouraged to analyse information, evaluate ideas, and draw logical, well-reasoned conclusions.
- ☑ **Academic Growth:** As their thinking skills strengthen, students gain greater confidence in their ability to excel across all areas of study.
- ☑ **Selective Exam Focus:** Open to Year 5 students preparing for the selective school placement test, the course covers the essential knowledge and skills required for the thinking skills component.
